## **MEDai Announces the Appointment of Ms. Swati Abbott as President**

**Orlando, Florida – (May 29, 2007)** MEDai, Inc., headquartered in Orlando, FL, a leading provider of advanced solutions for healthcare that utilize award-winning predictive modeling technology, announced today that Ms. Swati Abbott has been promoted to president of the organization. Ms. Abbott formerly held the title of senior vice president.

During her tenure at MEDai, Ms. Abbott has played an integral part in positioning MEDai as the industry leader in predictive modeling. She has established numerous key partner and client relationships contributing to the company's success. Ms. Abbott has extensive experience in healthcare information technology, client relationship management and strategic planning. As president, Ms. Abbott will continue to drive the company's vision, product development and strategic growth.

Steve Epstein, MEDai's CEO and Chairman of the Board, states "Swati's product knowledge and healthcare expertise has been instrumental in MEDai's development over the last several years. Swati has the perfect skill set to excel as President of MEDai and we look forward to her continued success."

### **About MEDai**

MEDai, Inc. is a leading health information company offering award-winning solutions for the improvement of healthcare delivery. Utilizing cutting-edge technology, payors and care management organizations are able to predict patients at risk, identify cost drivers for their high-risk population, forecast future health plan costs, evaluate patient patterns over time, and improve outcomes.
